We are delighted to announce that local drylining and plastering experts P&E Board from Calne have chosen to partner with the Colts and purchase on our behalf a brand new strip for the U11 Whites.

When all of the squad are fit and healthy (!) we will have a full squad photo - in the meantime a couple of senior players, Joe Newman and Archie Newman, model the strip (below).

Many many thanks to our friends at P&E Board - you now all know who to contact if you have a wall to finish.
